

# Forsthoff P-2 Overlap Welder

## Product Details and Specifications

Forsthoff P-2 Overlap Welder

Heating nozzle and pressure wheel detail

**Forsthoff P-2 Overlap Welder - the efficient and maneuverable hot air automatic welding machine for the truck tarpaulin and advertising banner manufacturers.**

The automatic FORSTHOFF-P2 is an efficient and manoeuvrable device for welding truck tarpaulins, tents, awning materials and advertising banners.

It produces optionally 20, 30, 40 and 45 mm wide overlap welds and may also be converted for welding in welding ropes.

With an output of up to 4000W, the P-2 has the power

to deal with any job.

In addition, by mounting the hem welding accessories, this automatic machine can easily be used for the production of 20 mm, 30 mm, 40 mm and 45 mm hems.

The FORSTHOFF-P2 starts automatically after the weld head has been swiveled in, welding up to 18 mtrs /min.

The device is equipped with a sturdy carrying handle and a telescopic guide handle that can be individually adjusted to the user's body height.

Call us for more information on the P-2 Overlap Welder.

### SPECIFICATIONS

Heat output	Up to 4000W
Temperature	20-700C infinitely variable
Weight / Dimensions	17.5 kg / 535 x 280 x 350mm with 7m power cable
Guide Handle	Telescopically adjustable
Accessories	Nozzles: 20, 30, 40, 45mm; Hem Welding Kit; 50mm Tape welding kit.
Heating Element	Easily replaceable for years of continuous operation
Application	All forms of overlap, hem and tape welding.
